

## **Airport Planner / Analyst – AUCKLAND**

### **The Opportunity**

Airbiz is a world leading international strategic aviation and airport planning consultancy with established offices in Australia, Canada, Europe and New Zealand. We are currently looking for a qualified and enthusiastic candidate with an analytical (mathematics or related), airport, aerospace, engineering or architectural background to join our team in planning airport, terminal and airside infrastructure in New Zealand and globally. Having Excel, AutoCAD and presentation skills would also be beneficial. This position is based in Auckland to work in collaboration with Airbiz consultants across the globe.

This is an excellent opportunity if you are looking to develop your existing expertise or starting out on a career in aviation with an amazing company and team of colleagues. You can look forward to a variety of exciting projects contributing to both the immediate development needs of an airport to long range master planning. The successful applicant will show ingenuity and continue to learn from some of the most innovative airport planners in the world, while working alongside leading airports and airlines.

### **Requirements**

You will be an enthusiastic, skilled and self-motivated team member, who learns quickly, is able to work independently, will be accountable for performance and is willing to take on responsibilities within a high energy multi-disciplinary multi-office team environment across multiple time zones.

If you can also demonstrate the following attributes, we would like to hear from you.

- Relevant tertiary qualifications – mathematics, aerospace, business, analytics, engineering or architectural
- Excellent communication skills – verbal, listening, written and presentation

In addition, the following expertise is desirable but not essential:

- Experience in analysis
- Experience in design
- AutoCAD/Microstation expertise
- Experience in a CAD 3D environment (i.e. Infracore)
- Experience in an airport related role (management, planning or operations)
- Working knowledge of graphic tools such as MS Office, Adobe CS and 3D software (e.g. SketchUp)

Your application and CV must be sent to [jobs@airbiz.aero](mailto:jobs@airbiz.aero) with the words “Airport Planner AUCKLAND” in the subject line. Your application should include a brief description of what motivates you and an outline of your relevant skills, strengths and particular areas of interest and future development.

Only individuals with the right to work permanently in New Zealand may apply for this position.

We are an equal opportunities employer with a friendly and flexible working environment in locations across the world. Please visit our website for more information on our company:
