

Airport Terminal Planner / Graphics Support Position

Canada

The Opportunity

Airbiz is a world leading international strategic aviation and airport planning consultancy with established offices in Australia, Canada (East and West Coast), UK and New Zealand. We are currently looking for a suitably qualified Airport Planner with a broad range of relevant analytical, planning and presentation skills to join our team. You will work in collaboration with Airbiz consultants across the globe on a variety of airport projects. The successful applicant will contribute, innovate and continue to learn from some of most innovative airport planners in the world while working alongside leading airports and airlines. We are an equal opportunities employer with a friendly and flexible working environment in locations across the world.

The Requirements

This position requires either an architectural, engineering or planning degree. Previous aviation/airport planning experience is desirable.

The ideal candidate will be self-motivated, accountable and willing to take on responsibilities within a team environment. A demonstrated commitment and ability to provide quality work and meet agreed deadlines is required.

Knowledge and experience in 2D Computer-aided Design (CAD) and 3D modelling are essential and an understanding of Adobe Creative Suite, Sketchup, rendering skills, Microsoft Office Suite is desirable. Graphic communication and problem-solving skills are also essential.

Your application and CV should be forwarded to jobs@airbiz.aero with the words "Airport Terminal Planner – Vancouver" in the subject line. Your application should include a brief motivation and outline describing your relevant skills, strengths and particular areas of interest and future development.

Only applications from individuals with the right to work permanently in the Canada will be consider for this position. Please visit our website for more information on our company www.airbiz.aero
