

## Airport Planner - Auckland

### About Us

Airbiz is an international aviation consultancy which provides strategic and planning advice to airports, airlines, design/construct firms, governments, and airport investors. We have offices in Australia, Canada, the USA, the United Kingdom and New Zealand. Our team consists of airport and terminal planners and architects, business analysts, aviation marketing specialists, project facilitators, modelling and simulation experts and creative strategists. We are renowned for our lateral thinking, which results in innovative and cost-effective outcomes. We have completed more than 2,500 projects in over fifty countries world-wide.

Airbiz strives for a workplace that reflects the diversity of the communities we serve. We support the employment equity and take measures to ensure fair employment practices and treatment of employees across our organization. We welcome applications from all qualified candidates as an equal opportunity employer which welcomes diverse, and inclusive workplaces.

### The Opportunity

We are currently seeking an Aviation Consultant to join our specialist team in Auckland. The position is for a qualified and enthusiastic candidate with an airport, business, analytics, engineering or architectural background to join our team in planning airport, airside and terminal infrastructure.

### Essential Requirements

The ideal candidate:

- Has relevant tertiary qualifications i.e. airport planning, engineering, business, accounting, mathematics, business analytics, architecture, or transport.
- Has experience in aviation, airport planning, aviation business development, project management and/or leadership roles.
- Is able to engage directly with clients and manage a range of projects.
- Is self-motivated, requiring minimal supervision, accountable and willing to take on responsibilities within a team environment.
- Can demonstrate commitment and ability to provide quality work and meet agreed deadlines.
- Has excellent written and oral presentation skills.
- Has exemplary time management, organizational skills to prioritize work and coordinate tight deadlines.

- Has strong research skills and ability to collate and concisely communicate key findings in written reports, slide decks, and in-person meeting formats.
- Has the ability to participate in and contribute to meetings to develop and implement successful project solutions.

### Beneficial Requirements

Other beneficial attributes of the candidate could include:

- Experience in terminal planning and/or design at airports.
- Experience in airside planning or design at airports.
- Experience preparing proposals for a range of airport related projects.
- Experience working in a project-based environment with teams and/or stakeholders.
- Experience in the transaction of airport sales.

### Location & Compensation

- This position is to be based in Auckland, New Zealand office.
- Periodic business travel will be required.
- We compensate competitively, commensurate with experience and qualifications and provide a benefits package, annual salary bonus, and flexible work arrangements.

### Mentorship and Professional Development

- We are committed to helping you grow as part of a team and will work with you to develop a professional development and mentorship plan. As a small firm, we offer a unique opportunity to work directly with senior staff, including principals and senior managers, for meaningful career development and learning outcomes.

### Your application

Your application, CV and portfolio should be sent to [jobs@airbiz.aero](mailto:jobs@airbiz.aero) with the words "Airport Planner - NZ" in the subject line. Your application should address how you meet the essential requirements and any of the desirable requirements of the position.
